

Canada FASD Conference

2025

SPONSORSHIP PACKAGE

This national conference is an unparalleled opportunity to bring together researchers, front line service providers, policy makers, healthcare professionals, knowledge brokers, caregivers, and individuals with fetal alcohol spectrum disorder (FASD).

This three-day conference will be held October 21-23, 2025, in Toronto, Ontario. It will bring approximately 600 delegates together to discuss the complexities of FASD and share opportunities for solutions. The Canada FASD Conference will be the first national FASD conference ever held in Toronto.

FASD is Canada's leading known neurodevelopmental disability. Its complexity requires interdisciplinary connection, as FASD intersects with fields like justice, education, social services, health care, psychology, homelessness, substance use, mental wellness, child welfare, and more. This event will bring together researchers, professionals, and those with living experience in these areas.
